

THE STRONG FOUNDATION TO BUILD YOUR PROJECT ON SOLID GROUND

## Bank Newport

### Branch Bank, Quonset Point, Rhode Island

Farrar & Associates Inc. was proud to be selected as the builder for this new branch bank located within the state of Rhode Island's economic development growth area. This project stands as added testimony to the quality of craftsmanship applied to Farrar & Associates projects.

This project also included additional site work which we executed on behalf of the land developer New Boston Corporation.

The building incorporated exterior & interior glass systems that allow the building to be filled with natural light. The building is also equipped with new technology that is essential to the advancements of the banking industry.

This project was completed on schedule & under the contract budget.
